SUMMARY

Frontend Developer with 3+ years of experience building responsive, scalable web applications using React and JavaScript. Delivered 25% faster load times and 20% accessibility improvements. Proficient in performance optimization, state management, and crafting user-centric designs. Passionate about creating clean and efficient solutions.

SKILLS

- **Languages:** HTML, CSS3, JavaScript, TypeScript
- **Frameworks:** React, Next.js
- **Libraries & Tools:** Redux Toolkit, React Query, React Hook Form, Ant Design
- **Technologies:** SCSS, Tailwind CSS, Bootstrap, REST APIs, Git, GitHub, Postman
- **Testing:** Cypress, Manual Testing, Debugging

Experience

Coreyo (B2B), Frontend Software Engineer — Bangalore, IN · Oct 2023 – Present

- Led front-end development using React, Next.js, and TypeScript, enhancing application performance and responsiveness by 20%.
- Developed key features such as form validation, CRUD operations, and search functionality, improving user engagement by 18%.
- Integrated REST APIs for dynamic data handling and optimized load times by 15% using React Query and efficient caching.
- Delivered pixel-perfect UI components from Figma designs, focusing on accessibility (WCAG 2.0 compliance) and cross-device compatibility.
- Conducted end-to-end testing using Cypress, ensuring a 98% bug-free release across mobile and desktop platforms.

Outofbox Advertising, Front-end Developer — Bangalore, IN · April 2021 – Sept 2023

- Translated Figma wireframes into fully responsive UIs, reducing layout inconsistencies by 30%.
- Integrated RESTful APIs for real-time data rendering and improved state management using Redux, boosting app performance by 25%.
- Ensured 100% cross-browser compatibility across Chrome, Firefox, and Safari, and improved accessibility by 20% for users with disabilities.
- Optimized mobile-first designs, decreasing load times by 10% and improving user experience across devices.

Education

Microtek College of Technology, Bachelor Of Technology (Information Technology) — 2018 – 2021

Projects

Coreyo Customer Portal — user.coreyo.com

- Developed a customer-facing portal, delivering a fully responsive, scalable UI.
- Tools Used: React, TypeScript, SCSS

Sai Travel Website — saitravel

- Built a visually engaging tour and travel website.
- Tools Used: React, JavaScript, HTML/CSS

Personal Portfolio — smjdeveloper-cv

- Created a personal portfolio website to showcase skills and projects.
- Tools Used: HTML, CSS, JavaScript
